2.0. COMPANY DESCRIPTION

Timtom Aviation was established in 2017 with major focus on training, consultancy and offering Air ticket services, and yet we are offering trainings on courses related to Airport and Airline Management, Travel and Tourism courses, we award international professional certificates and diplomas in partnership with ICAO, IATA and SACCA Institute of Freight and Tourism. **A large number of students** have completed with IATA, IACO and local certificates through TIMTOM Aviation.

TIMTOM AVIATION also offers other services related to hospitality and tourism, these include; Air ticketing, Admission and Visa application assistance, hotel reservations, travel insurance and international tour packages.

Furthermore, the company also offers another major service in consultancy, in the field of Project/Program Evaluation, Monitoring, Implementation, Learning and Evaluation,

Research Studies, Training, Human Resources Management services like recruitment, design and how to develop job description, employment contracts, performance appraisal systems, performance targets, HR Strategic planning, organizational structures, operational manuals, process and procedures, etc.

Air ticketing

The company has quite helped a number of individuals and corporates to get **affordable air tickets** to any destination around the world, we have amazing services to our corporate clients when they buy an air ticket with us, we normally give them **visa assistance application** online **free of cost** to their employees.

- **Vision;**

To establish international first class institute in Africa that awards high levels of professional qualifications to students all over the world in the areas of aviation, hospitality, tourism and business, and ensure to produce very competitive human resources on the world job market.

- **Mission;**

To produce highly skilled human resources who are able to provide relevant solutions to the challenges they meet in their working environment and in the communities they work from. This is achieved by providing full packages on both academic and practical knowledge in the professional courses

- **Objectives;**

- To produce human resources with the capacity of producing problem solutions in any situation at their work place; we shall train people to become professionals in their work so that most of the world's challenges are sustainably dealt with. Here the manpower is given skills on how to solicit the lasting solutions to the challenges as they come. To send as many as possible skilled and competent manpower on labor market in Rwanda and abroad.
- To provide consultancy services in a flexible manner and affordable cost to all our clients regardless of their economic status.
- **To provide the most affordable Air ticketing and visa application assistance to our clienst who need to travel to any destination of the world.**
- Helping students to discover their interests, aptitudes and potentialities.
